

RATES

Empower Family Law charges flat fees for most services so you will know your costs up-front. Empower Family Law gives you the peace of mind knowing that you won't receive a surprise monthly bill based on an hourly rate for an unknown number of hours of work - one less stressor as you progress through your family law action.

The specific flat rate to be charged depends on a few factors specific to your situation. At the time of the consultation, we will be able to quote you an accurate flat rate.

Legal advice and process is available for many types of family law actions - Divorce, Parentage, Paternity, Parent Plan, Child Support, Contempt, Temporary Orders - to name a few. Give us a call so we can provide you with legal solutions to empower you and your family.

We are also available for additional services for filing or responding to motions, issuing or responding to discovery requests, and meeting other court deadlines during litigation, as case proceeds to trial or hearing.

All fees are discounted by 10% for active duty and retired/disabled military personnel.
